Tell me by what right of justice do you hold these Indians in such a cruel and horrible servitude?

On what authority have you waged such detestable wars against these people who dealt quietly and peacefully on their own lands?

Here at Teschemakers one can walk with the great symphony of the Universe listening sometimes to the bellbird but other times to the sounds of silence. Mary Horn

I have always believed that we cannot save our planet from destruction unless we become connected to the earth, that is become reconnected.

THE FRUITS OF CONTEMPLATION

Joyful friar,
Tolerant master,
Grace-filled preacher,
Gospel man of prayer,
Pray that your sons and daughters
May be faithful to your heritage
Of community
Common prayer
Study
And service
And that other men and women will
join them
To praise
To bless
And to preach
That Jesus Christ is Lord.

THE TRAVELLING DOMINIC

There is nothing on this earth more to be prized than true friendship. Thomas Aquinas
